Ontario Perceptions on Garbage Incineration

SES/Osprey Media Poll

Methodology

Between November 25th and November 27th, 2006, SES Research conducted a random telephone survey of 500 Ontarians 18 years and older.

The aggregate survey results are accurate $\pm 4.4\%$, 19 times out of 20. Margins of accuracy are wider for subgroup samples. Readers should note that the data was weighted for gender and age to match the Canadian census results for Ontario. Results should be considered representative of the Ontario population. Results may not add up to 100% due to rounding.

The initiative was part of the SES Ontario Omnibus Survey and was registered with the Marketing Research and Intelligence Association of which SES is a Gold Seal Corporate Member.

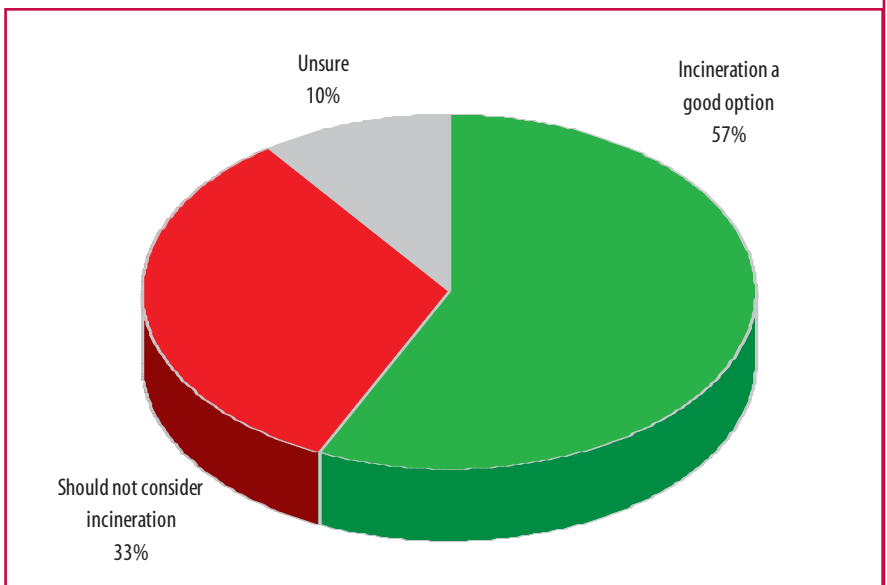

About SES

Established in 1987, SES Canada Research Inc. is a full service public opinion research and management consulting firm. SES is regularly called upon by corporate, government and para-public clients in Canada and the United States to conduct research and provide strategic advice.

For more information on our full range of services please contact: Mr. Nikita Nanos at (613)234-4666 ext. 237 or nnanos@sesresearch.com.

Question: I'd like to ask your opinion on how municipalities should dispose of their garbage. I am going to read you two statements and I would like you to tell me which, if either, best reflects your personal views....(Read and Rotate)

- a. We need to find a solution for our garbage disposal and I think incineration is a good option.
- b. While we need to find a solution for our garbage disposal I don't believe incineration is a solution we should consider.

Group (Margin of Accuracy)	Incineration is a good option	Should not consider incineration	Unsure
	%	%	%
Ontario ($\pm 4.5\%$)	57	33	10
Men ($\pm 6\%$)	59	33	7
Women ($\pm 6\%$)	56	32	13
18 to 29 ($\pm 10\%$)	46	46	8
30 to 39 ($\pm 10\%$)	51	38	11
40 to 49 ($\pm 10\%$)	58	29	13
50 to 59 ($\pm 11\%$)	64	27	9
60 plus ($\pm 9\%$)	68	23	9
